

MAX: Zed Chair

Designer: Hannes Wettstein

Dimensions: 760H x 620W x 570D mm

A zed-shaped silhouette. The twisting and precise profile of this patio chair is a distinctive design feature with a view to many uses and settings.

The practicality of the chair is equalled by its comfort: the open and welcoming shape, the oblique cut of the upper part, which gently slopes down to support and accompany the arms, ensure ergonomic comfort for users. The fully or partially upholstered version makes the armchair also suitable for indoor use.

Stackable up to 4/5 chairs thanks to the special opening in the seat shell, Zed chair is also available in a version with a central base.
